## Funnels, Pumps & Manifolds

Hach carries high quality filters, funnels, and pumps from Millipore, Pall, and Microfil in a variety of sizes and shapes. Disposable funnels can save sterilisation and mess; stainless-steel manifolds offer long-term, autoclavable solutions. Clear, shatter-resistant polypropylene separatory funnels allow for safe and easy separation processes - available in Squibb and other shapes, along with separatory funnel supports. Vacuum pumps, both hand-operated and electrical, create vacuum for the micro testing process.

Part Number	Product description	Quantity	GBP Price
2584335	Funnel, micro	1	Contact Us
1352900	Filter Holder, Magnetic	1	Contact Us
2486100	Manifold, filter funnel, aluminum	1 each	Contact Us
2831500	Vacuum filter microfunnel, pk/50.	50	Contact Us
2831600	Field vacuum manifold	1	Contact Us
52046	Funnel, separatory, glass, 250 mL	1 each	Contact Us
52049	Funnel, separatory, glass, 500 mL	1 each	Contact Us
55068	Funnel, Buchner, 186 mL approx. volume	1 each	Contact Us
55085	Funnel, Buchner, 87 mL approx. volume	1 each	Contact Us
55087	Funnel, Buchner, 320 mL approx. volume	1 each	Contact Us
2164100	Filtering funnel assembly	1 each	Contact Us
2164200	PTFE support plate only	1 each	Contact Us
2264467	Funnel, Powder, 65 mm Top ID	1 each	Contact Us
2238600	Support, Separatory Funnel		Contact Us
1406149	Funnel, separatory, polypropylene, 500 mL	1 each	Contact Us
108367	Funnel, analytical, 65 mL approx. volume	1 each	Contact Us
108368	Funnel, analytical, 114 mL approx. volume	1 each	Contact Us
108370	Funnel, analytical, 254 mL approx. Volume	1 each	Contact Us

Part Number	Product description	Quantity	GBP Price
2586300	Microfil funnel & filter, 100 mL, 0.45 $\mu$ m 47 mm white gridded (millipore)	150	Contact Us
2619000	Filter funnel, micro	50	Contact Us
